

REC3901 : Session Recording

The Session Recording course walks students through the theory, philosophy, and practice of contemporary music production in a world-class studio facility. The course introduces the theory and operation of large-format audio consoles. Emphasis is placed on the means to conduct a music session and work with a band in a studio setting. Studio signal flow and recording techniques will be studied and practiced. Students will utilize modern audio-recording technology to gain expertise in the art and science of music production.
