

MAN603 : Project and Team Management

Students in the Project and Team Management Course are responsible for two main objectives. The first involves learning the principles of project management, including: creating a project management plan, correctly ordering tasks, understanding and considering all factors that contribute to a successful project, and staying within budget. The second objective requires students to explore the various factors of team management and creating a productive team, including: matching project objectives to team member skill sets, motivating a team to accomplish project goals, empowering team members to take ownership of a project's success, and providing mentorship to aid the team's success.
