

Audio Arts Certificate

Degree Type

Certificate

Environment

campus

Program Length

28 weeks

Overview

The Audio Arts undergraduate certificate program introduces students to the knowledge, skills, and attitudes necessary for independent audio creation. The certificate's curriculum encompasses audio basics, music concepts, recording technology, audio editing, and sequencing. The program also focuses on professional development training that provides active audio professionals with new techniques that can enhance their capabilities and credentials as well as cultivate the skills needed for aspiring audio professionals to enter the audio industry.

Objective

Certificate's Objective The Audio Arts undergraduate certificate program provides students with a foundational knowledge of the audio production process. Students will be equipped with basic skills in recording, music creation, editing, and sequencing and will be introduced to computer-based project-studio production. Upon completion of this certificate program, the knowledge and skills gained will enhance the craft and marketability of audio professionals.
