

# Film Center

Full Sail's Film Center is designed to be a complete motion picture production facility, giving students the tools and space to turn scripts and storyboards into feature films. The building houses workshops for constructing sets as well as a complete array of lighting and grip equipment, and thousands of feet of open soundstages for building sets of varying size and complexity.

The Film Center also features amenities like a green room and casting areas for talent as well as student areas for relaxing and networking during downtime.
