

# DCB479 : Project and Portfolio VII: Digital Cinematography

The Project and Portfolio VII: Digital Cinematography course combines hands-on learning experiences with summative and formative portfolio assessments. In this course, students will create their own personal branded website to either promote themselves as an independent production company or promote a specific project. This website will include the properly transcoded final edit of their selected project in addition to showcasing different styles of their work. The student's personal design aesthetic will be clearly evident throughout the site, and a personal introduction video and employment résumé appropriate to the independent contract industry will be developed.
