

IDT610 : Filmmaking Principles for Instructional Design

This course explores the components of filmmaking, video creation, and the concept of visual literacy. Students will learn a variety of video techniques that can enhance their instructional modules. Along with understanding how video is developed, students examine the importance of visual literacy, visual learning, and how to create and communicate with visual images. This course also explores visionary filmmakers and how their approaches can be applied to create a compelling learning or training product.
