

IDT690 : Instructional Design and Technology Final Project

In the final course in the Instructional Design and Technology degree program, students will reflect on their personal and professional evolution throughout their program and create a final instructional project based on their current or future career paths. In addition to the project, students will develop a research component that describes the methodologies that were required to complete the project. Students will draw from previous assignments and projects to create a media-rich final project that will be evaluated by both peers and faculty.
