

Audio Production Bachelor of Science - Online

Degree Type

Bachelor of Science

Environment

online

Program Length

108 weeks

Overview

Recent developments in the recording industry have created new opportunities to build upon Full Sail University's foundational recording curriculum. Audio production is now often the domain of independent recording engineers, editors, vocal specialists, and other craftspeople who work in small facilities and project studios. As such, the Audio Production degree programs provide you with the knowledge, skills, and attitudes necessary to conduct business as an independent audio creator. The Audio Production curriculum features courses that encompass listening skills, production and vocal techniques, audio postproduction, and advanced editing and mixing skills. The Audio Production degree program also has foundational courses focusing on college mathematics, professional writing, and art history.

Objective

Bachelor's Objective The goal of the Audio Production Bachelor of Science degree program is to prepare you for entry-level industry positions in the recording and audiovisual communications industry, such as remote recording engineer, location audio recordist, project studio engineer, music editor, and mix engineer. With a focus on computer-based, project-studio production, you will gain the ability to record and mix audio for music projects, games, new media, video, television, and film. Upon completion of this program, you will also be equipped with the knowledge and skills necessary to become an independent audio professional. In addition to these academic aims, the curriculum of this program was designed to develop your critical-thinking and listening skills as well as creative problem-solving abilities to support lifelong learning and to help you sustain a long and productive professional career in the recording industry.

Month 1

Code	Title	Credit Hours
GEN1011	Creative Presentation	3.0

Month 2

Code	Title	Credit Hours
DEP1013	Psychology of Play	3.0

Month 3

Code	Title	Credit Hours
VID1555	Video-Sharing Platforms	4.0

Month 4

Code	Title	Credit Hours
ENC1101	English Composition I	4.0

Month 5

Code	Title	Credit Hours
AUD1923	Recording Principles	4.0

Month 6

Code	Title	Credit Hours
AUD2001	Principles of Music	3.0

Month 7

Code	Title	Credit Hours
REC1732	Sequencing Technology	4.0

Month 8

Code	Title	Credit Hours
REC3414	Audio Workstations	4.0

Month 9

Code	Title	Credit Hours
AUD119	Project and Portfolio I: Audio Arts	3.0

Month 10

Code	Title	Credit Hours
MGF1213	College Mathematics	4.0

Month 11

Code	Title	Credit Hours
AUD3425	Sound Design for Games	4.0
