Degree Type

Certificate

Environment

online

Program Length

28 weeks

Overview

The Business undergraduate certificate program's coursework begins with an introduction to the fundamentals of business, management, and marketing. Students will be introduced to methods for collecting and analyzing data to make business decisions and learn about basic business law concepts, including contracts, legal entities, and liability. Students will also learn how to create a simple portfolio website to represent their professional skills and showcase samples of their work.

Objective

Certificate's Objective The goal of the Business undergraduate certificate program is to provide students with foundational knowledge of common business practices. Students will be equipped with basic skills in business management and marketing, as well as an understanding of data analysis and business law. Upon completion of this certificate program, students will be able to showcase the knowledge and skills they gained in a digital portfolio format.
