Overview

The Digital Marketing curriculum prepares you for work in the ever-changing digital marketing industry and addresses the complex worlds of marketing, emerging technology, and digital entrepreneurship. You will graduate with the skills you need to meet the challenges of an industry affected by rapid advances and changes in technology. In this program, you will learn how to create a viable marketing and strategic plan for selling products or services, develop and cultivate a brand, and protect that entity within the digital community. You will study a full range of digital marketing subjects, including search engine optimization, content strategy, campaign development, and display advertising. In addition to courses developing your marketing-specific skills, you will also have courses focused on statistics, physical science, cultural studies, and how to prepare yourself for a career in the industry.

Objective

Bachelor's Objective The goal of the Digital Marketing Bachelor of Science degree program is to provide you with the focused knowledge and understanding needed to pursue entry-level positions in marketing. This program is designed to develop leaders who can adapt to the ever-changing nature of the marketing industry and who understand how its fluidity affects consumer behavior. Upon completion of the Digital Marketing Bachelor of Science degree program, you will have the ability to develop and implement a cohesive digital marketing strategy. In addition to technical proficiency and theoretical knowledge, the program helps you develop critical-thinking, problem-solving, and analytical skills that contribute to a lifetime of learning and a productive career path in the world of marketing.
