

Media Communications Bachelor of Science

Degree Type

Bachelor of Science

Environment

campus

Program Length

80 weeks

Overview

The Media Communications curriculum at Full Sail University prepares you with extensive knowledge to understand and contribute to the field of media communications and to use new media communication technologies. You will survey critical approaches to contemporary media-related issues and communication theory while working within a project-based learning curriculum. You will be immersed in a supportive environment that fosters the development of the strategies and skills necessary to succeed in today's dynamic media industries. The courses in the Media Communications curriculum are designed to prepare you for a wide variety of careers in media and associated fields where media knowledge and skills are an integral part of their operations.

Objective

Bachelor's Objective Dramatic changes in communication and technology have influenced every aspect of human culture, including family life, politics, business, international relations, religion, education, entertainment, and recreation. The Media Communications Bachelor of Science degree program prepares you to recognize, embrace, and strategically manage the inevitable changes in the media landscape. You will acquire the skills you need to best utilize today's media, share knowledge and information, and maximize audience response. You will practice proper research and storytelling methods, articulate abstract concepts, and demonstrate your media communication skills through progressive projects in a variety of courses. Changes in the media industry are contemplated and reflected throughout the degree program's curriculum.
